

Bungunyah Manor Resort

Historic Bungunyah Manor is one of the oldest Manor Hotels in SE Queensland. Set amidst two acres of gardens on the highest point of spectacular Tamborine Mountain with views to the Gold Coast. This truly unique location is the ideal place to rest and enjoy total relaxation and recreation the old fashioned way.

The timber panelled private dining room and Jacques Manor Restaurant, complete with open log fireplace creates a cosy, intimate ambience and are reminiscent of a bygone era. In fact, the Bungunyah experience is one of such character, warmth and accessibility that visitors may be forgiven for treating the manor as their own private country estate! And we wouldn't have it any other way...

Amid Tamborine Mountain's cool comfortable climate, Bungunyah truly shines during the winter.
